Forecast for Thursday 22 Oct 2020

Weather: A cloudy start to the day, with perhaps the odd spot of rain in the southwest of the Park. The cloud will quickly lift and break though, followed by large amounts of sunshine for most of the day. Cloudier during the evening, with perhaps the odd outbreak of drizzle in the south.

Chance of cloud free mountain/hill tops above 600m: 50% at first, with cloud down to 500m. Becoming 95% or more soon after dawn as cloud lifts and breaks up.

Visibility: Often poor on the tops early morning but soon becoming very good, with excellent surrounding views.
